SEXING US UP

We met backstage at an Elvis Presley impersonator concert in Las Vegas. The show was great, and in between sets I noticed Euftrat talking with him. After they stopped, I went over to her to introduce myself, but she recognized me as I approached and said 'hello' before I could get a word out. Ever since then, we've become good friends, and now we've become great lovers.

ANTONIA

LASCIVIOUS

A mouth-watering redhead with succulent boobs, Antonia just quit her job at the bowling alley to become a full-time adult model. "Working at the bowling alley sucked," Antonia says. "The shoes were smelly and the pro shop owner kept pinching my ass. The only good thing about it was playing with the bowling pins after hours." Good practice for your new career, Antonia! That will come in handy.

*You say you can't help yourself, but is it due
to nature or to culture or to something else?*

born to cheat

has nature made us predestined to be

unfaithful?

The desire to cheat is hardly new. While we don't know if cave men actually cheated, it's probably a safe bet to assume that in one way or another, they did. And that has been a part of the continuing saga of man, and woman, throughout history; no matter what epoch, nor country, nor laws, nothing. Is it bred into our genes? Is it a response to culture, that is, the rules of the culture? Everyone's culture? Is it something that we can change, want to change, or should change?

During my last year in college, things crystallized – for me. I had the same girlfriend through my high school years but we split up when I went to college and she had one more year of high school. I told her I had dated, then slept with a coed I met and while she and I were still technically together, I admitted to straying. I wrestled with the notion that it was cheating, but we were in different places at that time. My girlfriend was not coming to my college, so what are the odds that we would still be boyfriend and girlfriend.

I had several girlfriends throughout college. One probably every few months and while I was dating and sleeping with two or three girls at the same time. I don't think, and would safely say that they didn't think it was cheating. They were probably doing the same thing. I believe it was just the sexual culture of college life and all the students were feeling their sexuality grow.

A few years after college, secure in my job, I married a girl I met at my sister's wedding. She was kind, funny, sexy, motherly, adventurous. Everything I wanted in a woman. She loved me, too, and after three years together we tied the knot and took our vows. And we meant them. Cut to five years later, with two kids, a dog, house in the 'burbs. We had it all. Except the fire we started with. I never thought about cheating, even with all the flirting at the office. But the office breeds familiarity. There's a comfort level in speaking to someone every day. That comfort level goes both ways because, remember, it takes two to cheat.

If you're a man cheating on your wife, most likely the woman (in my type of environment) knows you're married, but will still cheat with you. Cheating obviously says something about your state of mind, but what about hers? Why did she cheat with you, assuming she was not married or seeing someone? There's a whole psychology to sleeping with a married man that parallels this one.

I have not yet told my wife. This article is a catharsis of sorts. I do not know if I will ever tell her or carry it to my grave. Will I feel constant angst because of it? Sure. Will I ever cheat again? Probably. The question is, however, can be or at least revert to monogamy in the world I live in? I did not go looking for it nor it for me. It was not a sudden thing. I struggle to know why it happened, not why I did it.

BALLIN' BABE

My dad and brothers are huge football fans, so I grew up watching both college and professional football on TV and even got to see a few games live. In college I dated several ball players and fucked every one of them. Now it's time I take my talents to pro ball and to the Bay Area. Dating Jimmy is fun right now but I don't know how I feel about all the paparazzi buzzing us. It's okay, 'cause Jimmy is special.

GLAD YOU FOUND A PLACE FOR THAT

was it really all about the art?

Roberta was attending my roommate's art opening at a downtown gallery. She was a bit of an art snob, but a true patron. All the art gallery employees said to watch out for her. But I just did as I normally would and went to the opening with the intention of getting through the evening and then going home to a cold beer or glass of wine.

As it turned out, the night ended up being a lot of fun with good food, lotsa beer and some pretty cool people. And the some of the chicks were hot, too. Others were a bit too freaky looking for my taste, but when I talked to them, they actually seemed pretty normal. But overall, the coolest part was the open bar. All the drinks you could want and what could be so wrong with that? After a few I actually thought I could understand the art.

While standing at the bar, I overheard a conversation between Brett, my roommate, and the exhibition installer. They were talking about a body painting exhibit in the gallery down the hall. Being one that can appreciate all kinds of art, especially after a few brewskis, I joined in the conversation and learned that they were just staring to paint the nude female models.

"You should have come to tell me." I joked to Brett.

"And miss some of the painting. Besides, it's going to be on for a couple hours yet tonight." he said.

I decided to go have a look myself. When I got there the models and artists had paired off into their respective areas and the airbrushes were hard at work. I counted six models and all of them topless, only little flesh colored panties protected their most private of parts from the intrusive paint, and painters, I thought. There was a small crowd of onlookers for every group. They would stand back and whisper to each other about the happenings, and then move to the next one. I thought this would be really funny if it was filmed and then speeded up. Kinda Benny Hill-ish, when he gets chased by those scantily clad Brit birds through a park.

As I was about to leave, a big smile still spread

across my face, Roberta wandered into the gallery. I didn't know it was her, but overheard one of the artists mention her name. They told her the exhibition she wanted was down the hall. Excusing herself, she gave one last amused glance around the room and headed out the door. I watched as she exited and thought that was fine piece of 40 year old ass. Her black pencil skirt hugged her hips. Black stilettos made her gams look good and three long strands of pearls teased her cleavage. Could her personality be so bad?

I followed her back to Brett's opening at a safe distance, but still caught a wiff of her perfume. Chanel No 9, I reckoned. Sweet but sassy. A sophisticated yet youthful scent. Not as heavy as No 5. Back inside the gallery, I saw her mixing it up with some of the others as I walked over to the bar. I stood off to the side and when the barkeep came over to get a bottle of tequila, I asked him if that was Roberta. He nodded as he looked up to confirm.

As I focused on her, I noticed she was walking over to the bar, empty glass in her hand. Stopping a few away from me, she asked for a refill of her Manhattan. As the bartender pulled the bottles, she glanced over my way and I forced a stupid smile. Not impressed, she looked at some of the art that was hanging behind the bar. Excusing himself for a moment, the barkeep told her he was out of bitters and he'd be right back.

"Brett is my roommate." came stumbling out my mouth.

Glancing back, she quizzes, "Brett?"

"You know, the guy who painted this stuff." I said back to her, and what I got back was a totally unimpressed "Oh."

By now the barkeep had returned to save me from further embarrassment. Fulfilling her drink, he

I stood off to the side and when the barkeep came over to get a bottle of tequila, I asked him if that was Roberta. He nodded as he looked up to confirm.

hands it to her and she takes it and a couple steps, then looks back at me, raises her glass and says, "Nice talking with you." and smiles. I nearly peed my pants and it wasn't because of the beer.

The rest of the evening went on without a hitch and as the last of the patrons were leaving I went over to Brett shaking hands with Roberta. They engaged me in their artsy conversation for a minute and Brett thanked her for coming down.

"Coming down?" I asked.

"I've got a studio loft upstairs." she said, "Would you two like to join me for a nightcap?" Brett didn't hear her as he was saying goodbye to someone else. I tap him on the shoulder and tell him she's invited us upstairs. We take one of those funky freight elevators up four floors and she opens the doors to reveal a beautifully decorated loft, sparse in furniture and long on open space.

"Do you gentlemen like a drink?" she asked wandering over to the kitchen tucked into a corner.

"A beer please." I said. "The same for me." said Brett. She opened a couple bottles and handed them to us.

"Here's to art..." I paused looking at Brett, who, by now had passed out on the edge of the bed from late hours, stressful opening and probably too much to drink. She looked back at him and smiled. It was now just the two of us and I really didn't know a damn thing about art.

"Come here" she said beckoning me across the loft. I walked over to where she was now standing by the huge windows with a twinkling city behind her. She took my bottle.

"Kneel down." she commanded. I did as asked before her on the floor.

She took hold of the hem at either side of her skirt and ever so slowly began to pull it up. It began to lift from just below her knees, over them and slowly began to rise along her thighs. I glanced up very briefly a couple of times and she sat there smiling seductively at me.

The skirt continued its upward journey and she stopped again just before I could see everything, the darkness under the last bit of skirt still just protecting her final shred of privacy. I looked up at her. Our eyes met.

"Like to see a true piece of art?" she asked. "I would." I said swallowing deeply as her body

filled the space in front of me. And with that she tugged her skirt up the last couple of inches exposing her dark triangle of pubic hair. I knelt there just gazing at it. She pulled her skirt up past her hips and then opened her legs before me to give me a better view.

I leaned forward and began to run my hands up her legs. Starting at her ankles I let them travel slowly up along her calves, over her knees, along her thighs, past her stocking tops to her triangle of pubic hair. I stopped briefly and Roberta, who had her head thrown back with eyes shut in anticipation, opened them to see why I had stopped.

"Just teasing." I said before continuing.

She gasped in anticipation as my fingers reached her outer lips. Gently I pulled them apart and peered inside for a moment before letting my tongue begin to probe her depths. Sue emitted a hoarse moan as I proceeded. I stuck my tongue deep into her to taste her juices and then pulled back a bit and began to roll her clit between my teeth. She cried out as soon as I started, spread her legs wider still, and pulled me tightly into her with her hands round my ears.

She began to flinch jerkily beneath me. I could tell she was close to coming and quickly rammed two fingers inside her and began to finger her furiously. Unable to take any more she climaxed, her body shuddering violently against the window. She straightened up and pulled me to my feet and began to undress me. I helped her with the process and soon I stood before her in just my shorts.

"I think it's my turn to see what you've got now, don't you?" she said and she knelt down before me and pulled down my shorts.

"My, my, young man." she said. I stood before her now completely naked and fully erect.

She stood up again and began to undress herself as I lay down on the bed next to a still sleeping Brett. She undid her silk blouse and threw it aside, then her bra to reveal her full round breasts, and finally unzipped her skirt, slid it down and stepped out of it. She stood by the bed totally naked except for her high heels and ran her hand across my body before joining me on the bed.

She gasped in anticipation as my fingers reached her outer lips. Gently I pulled them apart and peered inside for a moment before letting my tongue begin to probe her depths.

She lay on top of me and made me harder still as her breasts pushed against my chest. We kissed for the first time and immediately our tongues met. My hands trailed down over her back to her ass and I gripped both cheeks in my hands. We began to grind our bodies against each other, my dick rubbing against her still-moist pube hairs.

I reached down and took hold of my dick and we both groaned as I entered her and slowly began to thrust in and out. Before long she was bouncing noisily up and down on me matching my thrusts and moaning out with each stroke. I got her to dismount and kneel before me on the bed. I got behind her and, gripping her meaty ass cheeks, pushed into her again.

I dug my fingers into her butt as I gripped her and pulled her onto me harder. I pounded into her and as I could feel my climax building up inside. She was rubbing one of her breasts with one hand and she reached underneath her with the other and grabbed hold of my balls. This was too much, pulling her onto me as hard as I could. Finally I came, jetting semen deep into her as I groaned loudly.

She opened her legs wide again as I lay there watching her. She parted her pussy lips with one

hand before sliding two fingers deep inside her with the other, closing her eyes and throwing her head back as they entered her. She removed them, covered in my sticky juices that I'd just shot inside her, and then proceeded to lick them clean. She did this a few times until she couldn't get any more and then began to finger herself in front of me, working herself up towards another scintillating climax.

I removed her hands and replaced them with my own fingers and again began to flick at her clit. Flicking and slurping at her wetness, she began shuddering again as her climax racked her body. She fell back on the bed and then into a deep sleep.

In the morning I wake up to see all three of us still laying in the bed. I shook Brett until he woke up and told him we had to leave. He sat up rubbing his eyes, looking around the loft and refocusing at the naked body of Roberta still asleep on the bed.

"What happened?" he asked. "What did I miss?"

"We'd better go." I said insisting he get up and go before she wakes up. Brett stumbles up and. We get into the old elevator and leave. As we pass one of the windows to the gallery, I say to him. "I think I'm going to really dig this art scene."

Flicking and slurping at her wetness, she began shuddering again as her climax racked her body.
